THE CITY IS IN DEEPEST GLOOM

Untimely Fate of Miss Mae
McFarlan is a Profound
Shock to Everyone.

Body Recovered at 5 P. M. by
George Merrick, Morris-
town's Expert Swimmer.

The untimely death of Miss Mae McFarlan, one of this city's most popular and lovable young women, which occurred at Blue River Park, near Morristown Tuesday afternoon, has thrown the entire city and community into the deepest gloom and the young woman's terrible fate is the sole topic of conversation among the people, excited groups collecting upon the streets to discuss it.

It was a happy picnic party that left this city Tuesday morning. Little did the members of that party suspect that one of their number was destined not to return alive and that two others were to narrowly escape the same fate.

The party that left this city for Blue River park to spend the day among nature's glorious beauty and fragrance, was composed of the following named persons: Miss Mae McFarlan, Miss Rose Whitton, Miss Mamie Kemp, Mrs. J. D. Case, Mrs. J. J. Amos, Mrs. John Brown, Mrs. W. M. McBride, Mrs. O. E. Humes, Misses Alice and Lenora Norris, Mrs. Panthea Smiley, Mrs. Charles H. Frazee, Mrs. Robert Kelley, Mrs. J. P. Frazee, Mrs. Frances Havens, Paul Armstrong, Cecil Sniff, John Frazee, Jr., Lois Lehman and Robert and Bennie Humes. The party was composed of members of the Pastor's Aid Society of the Main Street Christian church and their friends, and the ladies had intended to take dinner and supper at the park and to return to this city on the eight o'clock car. There were no men in the party.

About 1:30 o'clock, after the crowd reached the park and had dined, a number, including Miss McFarlan, Miss Whitton, Miss Kemp and others, decided to go in wading. Bathing suits were donned, and the party went up stream a short distance to wade down stream with the current, being careful to keep close inshore. Miss McFarlan, Miss Whitton and Miss Kemp came down stream hand in hand in the order named with Miss McFarlan nearest the center of the river. The young women kept getting deeper and deeper into the water, Miss McFarlan, who was always somewhat of a daring nature, going farther and farther out, feeling her way with a stick and closely followed by the other two. When they reached a point a short distance from the I. & C. bridge, Mrs. John Brown, Mrs. Panthea Smiley and a number of other ladies who were walking down the bank abreast of the young women called to them not to go any farther out, as the water was getting too deep. The water at that time had nearly reached Miss McFarlan's waist. The warning passed unheeded and the three girls proceeded on a short distance farther down stream. Suddenly all three of the young women lost their balance and fell forward into the water. Miss McFarlan let go of the stick she held in her hand. In their efforts to get out each of the young women clung to the other and Miss McFarlan shouted to Miss Whitton to let go of her as she could swim out. Miss Whitton did so and Miss McFarlan immediately sank, saying "Girls, I'm gone."

Both Miss Whitton and Miss Kemp succeeded in getting out of the water, although Miss Whitton sank to the bottom. They do not know how they reached the bank.

Miss McFarlan seemed to float down stream with the current, with her head out of the water. She made no sound and seemingly made no effort to save herself. The ladies on the bank ran along the bank calling for help. Michael Flannady, who runs the Great Central pumping station at the park was summoned. He announced that he could not swim, but he secured a long pole and, with it, tried to reach the unfortunate girl. The pole was not long enough, however and it failed

ENGINE JUMPS TRACK AT FARMERS

Big Four South Bound Passenger
Train is Delayed Several
Hours.

The engine drawing an extra south bound freight on the Big Four, jumped the track at Farmer, about 8 miles, north of this city at 7 o'clock this morning and caused considerable delay in traffic. The south bound passenger due here at 8:13 was delayed several hours.

The engine was drawing a heavy train and in order to get the train over the hill, the train was cut and the forward portion taken over the hill and placed upon a siding. As the engine emerged upon the main track the trucks of the tender ran off the switch. The track was torn up for a short distance.

The Greensburg wrecking crew was summoned and the passengers were transferred from the passenger train when it arrived, to a coach which had been brought from Greensburg, and sent on their respective destinations. The work of clearing the track had about been completed at noon.

REUNION OF COX FAMILY

Held Last Sunday at James
Cox's Home in New
Lisbon.

The annual Cox reunion was held at Elms, the home of Mr. and Mrs. James Cox, at New Lisbon, last Sunday. Mr. and Mrs. Cox did everything to make the day an enjoyable one to all those present. The dinner was spread under the Elms, with all the good things of the season, and those present did ample justice to it. The afternoon was interspersed with music by Miss Hazel and Frank Cox. A hard rain came up in the afternoon and for supper the party retired to the dining room.

After deciding to meet with Mr. and Mrs. Elmer Cox, of Richmond next year they repaired to their several homes. Those present were Mr. and Mrs. George W. Cox, of New Castle; Mr. and Mrs. Forrest Cox and Mr. and Mrs. Homer Nugen and daughter, of Lewisville; Mr. and Mrs. A. L. Cox and three sons of Losantville; Mr. and Mrs. Elmer Cox and sons, and Mr. and Mrs. Harry Nolder and son of Richmond; Mrs. Julia Cox, son and daughter, Mrs. Emma Marony, son and daughter, Mrs. Jane Vickery, of New Lisbon, and Mrs. Anna Cox, daughter and two sons of Rushville.

REFUSED TO GIVE HER TESTIMONY

Mrs. Charles Hill Declined to
Talk at Shelbyville Cor-
oner's Inquest.

Mrs. Charles Hill refused to testify at the coroner's inquest into the death of May Hill Wednesday afternoon at Shelbyville, and this caused a sensation. Her refusal to testify was at the advice of her attorneys.

Detectives have withdrawn from the case and it is now thought that the affair will forever remain a mystery.

The witnesses, eight in number, have all been examined and Coroner Bass will file his verdict in the case today. He gives as the cause of the child's death that it was struck on the head with some instrument, causing concussion of the brain, resulting in its death, and that the blow was delivered by some person, unknown to the authorities.

RUSHVILLE BOY FATALLY HURT

Blaine McManan is Run
Over by a Switch
Train.

Accident Probably Occured at
San Francisco Cal. Where He
Was Employed.

A telephone message was received here about ten o'clock this morning from Mrs. Gates Sexton, who is visiting Mrs. Lydia McMahan at Indianapolis, stating that a telegram had just been received there which said that Blaine McManan, son of Mrs. Lydia McMahan, and a nephew of Gates Sexton and Mrs. Z. E. Manzy, of this city, had been run over by a switch engine and fatally injured. The telephone was out of order and it was impossible to learn all the facts.

It is presumed here that the accident occurred at San Francisco, Cal., where the young man was employed as a sporting writer on the San Francisco Examiner. It is thought that he was probably in the railroad yards searching for or interviewing some horsemen. Particulars of the accident could not be learned, but it is understood that it occurred last night.

The telegram received at Indianapolis stated that the young man was badly hurt and that the family might as well prepare for the worst.

Blaine Patton is about twenty-two years old. He is a son of the late Dr. McMahan of Indianapolis, who was brought here but a few months ago and buried in East Hill cemetery. He was born and raised in Rushville and has a host of friends here. He removed to Indianapolis when his father purchased the Western Horseman, and it was on that paper that he gained his first experience as a sporting writer.

The news of the accident spread quickly over the city this morning and it caused universal sorrow. The young man was very popular here.

RUSHVILLE WINS DOUBLE HEADER

Bloomington and Union Giants
Defeated—Alexandria To-
day and Friday.

The Rushville base ball team added two more victories to its string yesterday by getting away with a double header at Bloomington. The games were with Bloomington and the Union Giants, a colored team. Each resulted in a 10 to 2 victory for Rushville. This is the third victory Rushville has won from the Bloomingtons this week. Dugan was strong at the bat for Rushville, and Boyle played a star game at second for Bloomington. Score:

First Game— R. H. E.
Bloom'g't'n, 1 0 1 0 0 0 0 0—2 6 4
Rushville, 1 1 0 1 0 4 0 3 0—10 14 4
Batteries—Bloomington, Hunter and McFerrin; Rushville, McCord, Wagner and Morgan. Umpire—Shaffer.

Second Game— R. H. E.
Rushville, 0 0 1 4 1 0 0 1 3—10 11 1
Giants, 0 0 0 2 0 0 0 0—2 6 4
Batteries—Rushville, Taylor and Campfield; Giants, Buka and Hill.

Today the local team returned from its successful trip abroad and met the strong Alexandria bunch at the South Main street grounds. Another game will be played tomorrow. The two teams lined up today as follows:

Rushville—Dugan p, Campfield c, Wagner 1b, Carter 2b, Bush ss, Herold 3b, Kiser lf, Taylor cf, Morgan rf, McCord sub.

Alexandria—Kennedy, Wooding or Brambaugh p, Neel or St. Clair 1b, Donhour 2b, McNece ss, Lotridge 3b, Smetzer lf, Clary cf, Branch rf.

The new schedule in effect on the I. & C., it is now necessary to run both engines at the power house.

WATSON TO SPEAK AT RICHMOND

Sixth District Congressman
Will Make Address at
Hospital Dedication.

Congressman James E. Watson, of this city, will deliver the principal address at the dedication of Reid Memorial hospital at Richmond on the afternoon of Thursday, July 27th. Mr. Watson has accepted the invitation tendered him to speak on the occasion of the dedication. Senator Beveridge, who was also invited to deliver an address at the dedication will be unable to attend.

Aside from the fact that Mr. Watson will deliver the principal address, the program is not arranged. Special music will be provided and there will be one or two addresses in addition to that given by Congressman Watson.

FINDING FILED IN JONES' CASE

His Counsel Fail to Get Bond
Reduced to Sum
of \$500.

Habeas corpus proceedings were held before Judge Sparks in the circuit court at 9 o'clock this morning over the body of Oliver O. Jones, the ex-Arlington banker, who is still held in jail on the charge of accepting a check from Edwin Addison after he knew that the bank was insolvent.

As announced exclusively in the Republican this week, Jones' bond was reduced from \$2000 to \$1000, the same being entered on record at 1 o'clock this afternoon. Judge Sparks based his finding that the bond was excessive on Section 61 of the Indiana constitution which says that excessive bond shall not be required.

In court this morning Squire Ball, Edwin Addison, Elmer Hutchinson and Frank Havens testified as to the operations of the bank. Addison testified that \$204 of the \$300 had been paid back to him since the failure of the bank and that he held a note which covered \$40 more. This made only \$56 really in controversy. Jones was represented by his attorneys, Stevens & Nipp and Watson, Titsworth & Green. The State was not represented. Jones' attorneys desired to have the bond reduced to \$500, but Judge Sparks did not think their way. After court adjourned at 11:30 Jones was led back to jail. At 3:30 this afternoon Jones was still in jail, no one up to that time having signed the bond.

ANOTHER MISHAP TO BELL'S AUTO

Former Rushville Resident
Has Troubles of His Own at
Connorsville.

The Connorsville Examiner of Wednesday says: Shortly after the noon hour today a wild report made rapid progress in circulation through the business part of town to the effect that a disastrous explosion occurred to Albert Bell's automobile and that the driver and another man were killed. After being informed by Mr. Bell, it was learned that the rumor was without foundation and although a slight accident occurred to the machine it was nothing any way severe. While crossing the Big Four tracks near the depot the jar to the machine caused a slight explosion when the gasoline was turned on and the damage to the machine was slight.

HE IS AFTER A COOL SPOT

Peary Starts Out on Another
Quest For the North
Pole.

If There is Anything in a Name
Dauntless Explorer Will Have
Success This Time.

New York July 13.—With \$35,000 subscribed yesterday toward his expedition to reach the North Pole, Robert E. Peary announces that he will sail this week for the North. Commander Peary's new Arctic ship, the Roosevelt, has been waiting several days for supplies which could not be bought on account of lack of funds.

The Polar expedition, which has been in preparation since Oct. 15, 1904, has cost \$150,000, including yesterday's subscriptions. The entire amount has been donated by American business men to the Peary Arctic club, whose members are anxious that none but Americans have any hand in this polar expedition. Morris K. Jessup, president of the club, subscribed \$25,000 yesterday and Thomas H. Hubbard gave a check for \$10,000.

Mrs. Peary will probably sail with the explorer. From here the Roosevelt will proceed to Sydney, Cape Breton, where the New York crew will give up the ship to a picked crew which is already waiting on the Erik, a coal ship which will accompany the Roosevelt to latitude 79. The Erik will then return south, bringing Mrs. Peary with her.

WILL OF THE LATE JAMES W. STEWART

An Estate Valued at \$80,000 is
Disposed of—Provisions
of the Will.

The will of the late James W. Stewart, of Richland township, was willed lot 2 and part of lot 3 on High street in Richland and 318 acres of land in Richland township. Mr. and Mrs. Fisher are to care for the widow of the deceased, not charging them with food and clothing for her, and failure on their part to do so forfeits all rights and claims to said property.

After the death of the widow, Margaret Stewart, the executor, W. H. Fisher will erect a \$600 monument on the family lot in Richland cemetery. According to the will Charles Fisher becomes the possessor of 160 acres of land in Richland township upon the death of the widow. The U. P. Theological seminary at Xenia, Ohio, will receive 156 acres of land in the same township. The Alexander Shannon farm of 205 acres was given to each of the following nieces and nephews: Mary Logan, Hattie Havens, Belle Richey, Ellen Rice, Rufus Scott, Elizabeth Bates, Mary Wilkins, Mary Phillips, Georgia McIlvaine, Amy Brown, Cleveland McIlvaine, Albert McIlvaine, Emma Havens, Frank McIlvaine, Henry McIlvaine, and a daughter of Carrie Vance, deceased. The remaining seventeenth part will be divided equally among the descendants of Jennie Smith. The land willed to the nieces and nephews will be sold and the money divided proportionate to the number of acres given each.

The will was written March 11th, 1905, and witnessed by S. L. Trabue and Douglas Morris.

FARMER HAS A LUCKY ESCAPE

Ezra Burton of Near Clarks-
burg Thrown Under a
Binder.

Ezra Burton, a farm laborer residing near Clarksburg, was seriously injured Tuesday afternoon while cutting wheat. At the time Mr. Burton was riding on the binder when the horses which he was driving became frightened at a passing automobile and bolted, knocking him from his seat, and it was only by a miracle alone that he was not cut to pieces, for he was thrown directly in front of the machine, but in some manner threw himself out of the path before it reached him. He was picked up by neighbors who had witnessed the accident, and it was discovered that his collar bone was broken, while his back was badly wrenched and several severe bruises were on his body. However, he is resting very easy today, and while his injuries are serious and painful they are not thought to be necessarily fatal.

HAD SUFFERED FOR MORE THAN A YEAR

Mrs. William Stoops Loved
and Respected by Fay-
ette County People.

Concerning the death of Mrs. William Stoops, of near Connorsville, a sister of E. L. Kennedy and Mrs. Emily Coleman, of this city, which occurred Tuesday night about 7 o'clock, the Connorsville Examiner says:

For more than a year Mrs. Stoops had been failing in health and during the past six months she failed rapidly, until death finally claimed her spirit Tuesday evening.

In the death of Mrs. Stoops the county has lost a good woman who was loved by everyone that knew her. Although she was born in Rush county, she made her home in this community nearly all of her life and through her kind and friendly disposition and many good works she won a large concourse of friends who will deeply miss her.

Deceased was past 65 years, and has been a resident southeast of town in which neighborhood she was held in high esteem by all. In her departure a husband and four children, Mrs. John Huff, of Virginia; Mrs. Maud Thompson, Washington, D. C.; Mrs. Wm. Whipple and Will K. Stoops, of this county, besides three brothers and one sister are left to mourn.

The funeral services will take place Thursday afternoon from her late home at 3 o'clock, Rev. Williams, of Lebanon, officiating. Burial will take place in the Village Creek cemetery.

THE MYSTERY IS STILL UNSOLVED

Woman's Hair and Clothing
Pulled Out by Fishermen
at Greenfield.

A ghastly find was made near Greenfield Tuesday by Raymond Wilson and several companions while fishing in Sugar Creek at the Pennsylvania railway bridge, near Spring Lake Park. A quantity of woman's hair was pulled up in addition to several pieces of a dress and a piece of ribbon about six feet in length.

The Sheriff of Hancock county and his deputies went to the scene of the reported discoveries and dragged the creek for a considerable distance, but discovered nothing that would indicate that a murder or suicide had been committed.

OIL WELL IS BAILED OUT

Buena Vista Company Will
Shoot the Well and Start
to Pumping.

About Three Barrels of Oil Taken
From the Well Wednesday
Afternoon.

* A number of Rushville people visited the Buena Vista oil well Wednesday afternoon and saw a quantity of oil taken from it.

W. A. Mull was in charge of the work. The bailer used when the well was drilled was used. The party went to work about 1 o'clock p. m. and finished at four. The water, of which there was a large amount, was first taken from the well. After the water was removed about three barrels of oil were bailed out and poured out upon the ground. The engine ran out of fuel and as the well was fast filling up with oil again it was decided to cease bailing. Before the work was started a measurement was taken and 310 feet of oil was found standing in the well. When the men stopped drilling there remained about 150 feet.

About 150 people gathered at the well to see the oil bailed out. The fluid was carried away in tin cans, bottles, etc., as a memento of the occasion. People were present from Laurel, Metamora, Buena Vista, Connorsville, Rushville and Greensburg. Among those who went down from this city were: Ed. Spradling, W. W. Offutt, Dr. Frank Green, John H. Kiplinger, Phil Wilk, Clyde Miller and W. A. Mull.

M. J. O'Connell, manager of the Buena Vista company, was in the city today and he is greatly pleased with the prospects. The company has about decided to shoot the well in about two weeks, and to place a pump in operation at the well at once. A meeting of the board of directors will be held at Laurel, the first part of the week for the purpose of determining this point and settling the differences in the company.

Mr. O'Connell says Mr. Mull stated that the oil is about the best that he had ever seen. Another man who believed that the well was "salted" was present and stated that he was willing to invest heavily in the company.

Mr. Mull offered yesterday afternoon to give \$50 toward shooting the well. The company's funds are rather low at the present time. Yesterday four of the stockholders offered to buy the drilling outfit from Lon Masters, but he seemed unwilling to sell.

In regard to the leases said to be held by C. C. Day and M. J. O'Connell about which there seems to be a good deal of talk, it is claimed by Mr. O'Connell that the Oil company owns 400 acres of land leases in a body around the well where the oil has been found and owns a total of over 1800 acres of leases. That the most of all of the leases taken in his own name were taken after he ceased to act as the company's agent in selling stock; that these leases were paid for by his own money and not by the company's and that he sold or traded an interest in these leases to Mr. Day.

Judge Gray has set next Friday as the date for hearing the application for a receivership in the case of certain of the stockholders in the Oil company.

CHURCH NEWS

The ladies of the missionary society of the First Presbyterian church will meet Tuesday, July 18th with Mrs. D. C. Buell, east of town.

A Sunday school convention will be held at Shiloh, Center township, July 15th. A good program has been arranged and all Sunday school workers and others interested in Sunday schools are invited to be present.

TOO MUCH FOR HIM

Russian Criticism Forces M.
Muraviev Off Peace
Mission.

GIVES UP GRACEFULLY

Minister of Justice Recognizes That
His Diplomatic Qualifications
Are Too Limited.

In Being Forced to Accept Witte In-
stead the Czar Swallows
Bitter Pill.

St. Petersburg, July 13.—M. Muraviev has resigned his position as chief peace plenipotentiary. It may be regarded as practically certain that he will be replaced by M. Witte, president of the committee of ministers, who all along has been considered the Russian statesman pre-eminent qualified to undertake the difficult task of negotiating peace with Japan.

Though the emperor on two previous occasions has flatly declined to accept M. Witte, he has now indicated his readiness to make the appointment. The commission, however, will not be actually signed until Foreign Minister Lamsdorff, who throughout has been M. Witte's warm supporter, has had an audience of the emperor today.

To that extent only the matter may be regarded as unsettled, nothing being certain in Russia, as a diplomat remarked last night, until the emperor's signature has been affixed. M. Witte's election will undoubtedly be hailed as a practical assurance of peace. While it would be a mistake to denominate him as a "peace at any price" man, M. Witte earnestly believes that the struggle should be ended and should be succeeded by an understanding between Russia and Japan, which would insure peace in the far East for half a century. Indeed, he is personally

believed to be in favor of a Russo-Japanese alliance.

The conduct of negotiations by M. Witte, it is felt by the peace party here, would inspire instant confidence in Japan. The only handicap under which M. Witte labors is his lack of familiarity with the English language, as the only foreign languages he speaks are German and French.

M. Muraviev's retirement, ostensibly owing to reasons of ill health, is in reality due to the fact that the emperor became convinced that the negotiations might be jeopardized if he went to Washington. M. Muraviev himself, upon consideration, quite frankly recognized his lack of diplomatic training and his want of acquaintance with the question involved and with equal frankness expressed satisfaction that he had been relieved.

Neither the Washington nor Tokio governments has yet been officially advised of M. Muraviev's withdrawal, the foreign office probably preferring to announce the name of his successor at the same time. The change in the chief of the plenipotentiary does not involve any postponement of the date of sailing of the peace mission for Washington.

Hailed as Hopeful Sign.

London, July 13.—The Daily Telegraph in an editorial hails the probable appointment of M. Witte as the best omen of peace it has been its privilege to chronicle, and considers that Japan will welcome it as a proof of Russia's serious desire for a cessation of the war. The editorial further declares that the moderation of the Japanese demands will astonish the world. It adds that since M. Witte knows that a cessation of the war is imperative for Russia, there is every prospect of a lasting and durable peace, "leaving only commercial rivalry in an open field for the supremacy of trade in the far East."

FOR A NEW NAVY

Admiral Bireliff Charged With This Mission by Czar.

St. Petersburg, July 13.—The announcement of the appointment of Vice Admiral Bireliff as minister of marine in succession to Admiral Avellan, gazetted this morning, is coupled with a highly significant rescript in which the emperor charges the new minister not only with the task of rebuilding the navy, but also with that of reforming and reorganizing the whole system. The minister is instructed to eradicate the faults which have developed under the stress of war, to remedy the conditions which led to the recent mutinies in the Black Sea, and to inspire the personnel of the navy with a new spirit of discipline and devotion.

ACCOUNTING DEMANDED

The Other Side of Charges Made Against Harvester Company.

Chicago, July 13.—Proceedings have been commenced by the International Harvester company against Rodney B. Swift, who recently filed suits charging the corporation with obtaining rebates from railroads and in various ways exceeding the corporate authority.

The suit filed by the harvester company is in the form of a bill in equity and accuses Swift of making false representations to the company while employed by it, concerning its rights in connection with certain patents. It is also alleged in the bill that Swift appropriated to his own use money and securities to the amount of \$25,000 which, the bill alleges, should have rightfully been turned over to the company. The court is asked to order that Swift turn over to the company the \$25,000 he is alleged to have wrongfully appropriated.

GOOD WORD FOR DOCTORS

The President Encourages His Hearers in Sanitary Work.

Oyster Bay, N. Y., July 13.—President Roosevelt delivered a notable address before the Associated Physicians of Long Island. He discussed in the course of his speech the relations physicians sustain with the people of the communities in which they reside and the work to be done by the medical experts in connection with the construction of the Panama canal, declaring that despite all difficulties on the isthmus and here in the United States, the canal would be a success. He referred to achievements of the sanitary engineers who cleaned the cities of Cuba for the first time in 400 years.

MYSTERY GROWING

Clay County Authorities Perplexed Over Cardwell Assassination.

THE WIDOW DEPARTS

Immediately Following the Funeral Mrs. Cardwell and Her Family and Cardwells Brothers Leave.

Prosecution Fears That in This Departure It Loses Its Chief Witness.

Brazil, Ind., July 13.—New mystery has been added to the Cardwell murder case by the disappearance of Mrs. Cardwell immediately after the funeral of Ralston Cardwell, the murdered man. He was buried at Gold Knob, and Mrs. Cardwell and children, with seven brothers of Cardwell, boarded a southbound train, ostensibly for Louisville, Ky.

The disappearance of Mrs. Cardwell will be a severe blow to the state, as it was on her confession that Jesse Sluder was arrested for the murder.

Citizens of Gold Knob believe that authorities will be unable to find her, and think she has fled to avoid being implicated.

This has lent strength to the belief that Sluder is not the murderer.

A DISCREET SPENDER

No One Knows What Banker Bowman Did With Money.

Hagerstown, Ind., July 13.—Information is to the effect that the value of the bonds and securities which it is alleged were taken from the safe of the Commercial Bank by John Bowman, the cashier, who recently committed suicide, will far exceed the estimates first made. Many persons who were not known to have valuables on deposit are appearing and many others who suffered loss have not made it known. An interesting development today is that the bank had no capital stock. No account was taken of this item in the list of assets. It is probable in the distribution of the assets a legal question is involved. There is absolutely no clue as yet as to what Bowman did with the missing money. It has been found that some bond deals were made at Cambridge City.

Family Driven From Home.

Vincennes, Ind., July 13.—Isadore Hayes and his entire family of five were driven from their home by Chas. Richardson, who, with an ax, battered down the door and threatened to kill the whole family. They fled to a cornfield, where they remained all night, fearing to return to their house. Richardson declared he would go home, get a gun and return and finish the job. Hayes came to this city and asked for police protection. He also armed himself with a gun and said he would defend himself. He lives two miles west of the city.

Farmer's Desperate Situation.

Wabash, Ind., July 13.—Samuel H. Rager of Pleasant township is in a critical condition as a result of having been terribly gored by a mad bull belonging to him. Mr. Rager went into the field where the animal was at large and was attacked by the animal, which rolled him around on the ground until he lost consciousness. The brute then walked away. The family, missing Mr. Rager, went in search of him, and found him as stated. He is yet unconscious and it is feared he may not recover.

Graft Lead Grows.

New Albany, Ind., July 13.—Following the suspension of Fireman Beard of the local fire department, the investigation that has been made shows that wholesale "graft" has been practiced and that the entire company to which Beard was assigned is implicated. Pending future developments the entire department has been suspended. It is probable that other city officers and members of the police force will be investigated.

Unique Plea for Missions.

Wabash, Ind., July 13.—The Ladies' Aid society of the Friends' church, this city, in order to raise funds for furnishing the interior of the edifice now being erected, have rented two town lots on the south side and have planted them to sweet potatoes. The ladies will cultivate the potatoes and sell the product at the highest price obtainable when the crop has matured, turning the proceeds into the church fund.

Came Together on Bridge.

Frankfort, Ind., July 13.—A disastrous freight wreck occurred on the Lake Erie & Western railroad, a mile east of this city. An eastbound fast freight and a westbound extra crashed on a bridge, both engines being telescoped and demolished. Twenty cars loaded with freight were demolished and one carload of corn was poured into the stream. The engine crews all jumped and escaped without injuries.

The Wife Escaped.

Lagrauge, Ind., July 13.—Will Leberenz, mercant of Elmira, this county, killed himself after making a futile attempt to shoot his wife.

A NEW SWINDLE

Young Woman School Teacher's Savings Gobbled Up.

Chicago, July 13.—George Wallace of Cincinnati, whose real name, according to the police, is Louis Adams, was arrested here charged with swindling Miss Alice Campbell, a school teacher, out of \$1,000. Miss Campbell told the police that she lived outside of Chicago, but she refused to further reveal her identity. According to her story she answered an advertisement calling for an educated woman to take a position of trust in a bank. By appointment she met Wallace and as a preliminary to accepting the position gave him in trust \$1,000 as a cash bond. After paying Wallace the money Miss Campbell became suspicious. The arrest of Wallace followed.

EDITOR MUST ANSWER

New York Press in Disfavor With New York Legislature.

Albany, N. Y., July 13.—A sensational turn was given to the joint session of the state legislature, which is investigating charges against Supreme Court justice Warren B. Hooker, when John B. Stanchfield made an appeal on behalf of Justice Hooker from the inferences contained in an article in the New York Press, charging that "both politics and hoodlums are at work to keep Justice Hooker on the supreme court bench." On motion of Senator Raines, Republican leader in the senate, Lieutenant Governor Bruce ordered the issuance of a subpoena for Ervin Wardman, editor of the Press, for his appearance before the joint assembly.

Stole Wagon Load of Hams.

Evansville, Ind., July 13.—Smith Eakin, wanted at Robards, Ky., was arrested here. It is charged that he broke into three farm houses last Sunday night and hauled away a wagon load of hams valued at over \$1,000. He will not return without requisition papers.

Stepped in Front of Train.

Lawrenceburg, Ind., July 13.—An unknown white boy, about eighteen years old, while walking on the Big Four railway tracks in this city, stepped in front of a freight train on another track and was torn to pieces by a passenger train.

TRAMPLED THE FLAG

Canadian Mob Tears Stars and Stripes to Tatters.

London, Ont., July 13.—An American flag was torn down from in front of the city hall here and trampled under a hundred feet as the result of a remark made by an American visitor at the Orangemen's demonstration. About 800 Americans came over from Michigan yesterday and carried the stars and stripes through the streets without unfavorable comment being excited. Last night the Americans were gathered in front of a hotel, when someone cried, "To hell with Canada, she never showed us yet." Instantly the American flag owned by the Port Huron, Mich., lodge was torn from where it waved in the breeze and was ripped into shreds and trampled under the feet of an angry mob. Port Huron Orangemen say they did not resent it, as they believed the insult to Canada was uncalled for.

SIGN OF CONFIDENCE

Japanese Loan Oversubscribed Many Times.

New York, July 13.—The subscription lists for the imperial Japanese government 4½ per cent sterling loans, second series, were closed by Kuhn, Loeb & Co., the National City bank and the National Bank of Commerce and agents throughout the country at the close of business yesterday. The bankers had announced that the lists, which were opened Tuesday, would be closed on or before July 17. The applications were so heavy, however, from all over the country that it was soon seen that the \$50,000,000 of bonds allotted to the United States had been heavily oversubscribed, and it was decided to limit the taking of subscriptions to a single day.

THE CITY IS IN DEEPEST GLOOM

Continued from Page 1.

to be of any service. Bert Keaton, son of Lafayette Keaton and a hired hand by the name of Woodruff were shocking wheat in a field just north of the I. & C. tracks and west of the stream. They heard the ladies calling for help, but supposed that they were picnickers merely having a good time. They were soon convinced, however, that something was wrong and they started to investigate. Keaton reached the I. & C. bridge just as Miss McFarlan sank for the last time, at a point about twenty feet south of the Great Central railroad bridge and distant about forty feet from the east bank of the river. Men who assisted in the search for the body say that the water at this point is about fourteen feet deep. Miss McFarlan sank without uttering a sound.

Paul Armstrong, seventeen years old, was with the party and made a heroic effort to save Miss McFarlan's life. Running down the bank he plunged into the stream and swam toward her, but the current was too strong for him and he failed to get within reach before she sank.

Several men were seen coming along the Great Central tracks toward the park and Mrs. J. D. Case and Mrs. John Brown ran toward them and asked their aid. Bert Keaton went into the water after the body, but was unable to find any trace of it. The ladies, excited and heart broken over the affair tried to assist in the search, but could be of little service. Oscar Luther, who arrived on the scene soon after the accident, saddled a horse and hurried to Morristown, one-half mile away, for help and the citizens turned out with ropes, grappling hooks, fish nets and other things available for the purpose. Word of the accident was sent to this city on the first traction car, and about fifteen people, including Ben L. McFarlan, father of the

dead girl, Congressman Watson, Noble Brann and others, hurried out to the scene on the 3 o'clock car. Sixty-five others, including members of the fire department, with ropes and grappling hooks, went out at 4 o'clock.

Upon his arrival at the scene Congressman Watson, at the request of Mr. McFarlan, took charge of things and a systematic search for the body was begun. Rafts and boats were brought into service and very soon Grant Gregg, Clem Sampson, Michael Peckinpaugh, Will Wilhelm, Dr. Will Coleman, John S. Beale and Charles Matthews, better known as "Si Silvers" all expert swimmers, were in the water trying to find the body. Several men from Morristown, including George Merrick, one of the very best swimmers and divers in Shelby county, and Dr. McCray also assisted in the work.

People had virtually swarmed out to the river from Morristown, and the east bank was lined by some two or three hundred excited onlookers.

A long rope was stretched from bank to bank under the Great Central bridge with six or eight men holding each end. A swimmer was placed along this line about every five feet and as the men proceeded down stream the bottom of the river was carefully explored. The men had gone down stream to a point about one hundred feet south of the Great Central bridge when George Merrick, who had dived at a point about thirty-five feet from the east bank, came to the surface, shouting that he had found the body and lifted it to the surface. There was a rush to the water's edge. Will Wilhelm, who was nearest Merrick assisted him in dragging the body to the bank, where ready hands quickly wrapped it in blankets. The remains of the unfortunate girl were laid upon the bank and the heart broken father came up to view them. He was prevailed upon not to do so, however, and turned away. Coroner Bass, of Gwynneville, who had been summoned from Shelbyville, where he was holding an inquest into the Hill murder case, viewed the body, and it was then placed in the buggy of Dr. McCray and driven to the home of undertaker Floyd Spurrier at Morristown. Congressman Watson tried to get a special

car to come after the body, but failed. It was laid upon a stretcher and hauled to the I. & C. tracks where it was placed upon the six o'clock car and brought to this city.

The news of the accident had spread like wild fire in this city and a crowd of several hundred citizens met the body at the traction station. The car stopped at Wyatt's undertaking establishment and the body was taken inside and prepared for burial.

The remains were taken to the residence at 9 o'clock last night. Mr. and Mrs. McFarlan, although grief stricken, are bearing up under the strain very well. Mrs. McFarlan, is showing wonderful nerve.

Miss McFarlan was thirty-four years of age. She was an ideal young woman, being a true Christian and devoting much of her time to church work. She was born and raised in Rush county, was widely known, and had a large circle of friends. To know her was to admire her. Her death is a great loss to the community and the sympathy of each and every citizen in Rushville and Rush county is extended to the bereaved parents in this trying hour.

The funeral services will be held at the Main Street Christian church Friday afternoon at 2 o'clock, conducted by the pastor, Rev. W. W. Sniff. The interment will take place at East Hill cemetery. Friends may view the body at the residence, No. 530 North Perkins street Friday from 8 a. m. to 12 m.

The Indianapolis & Cincinnati Traction company has adopted the Wagenhals are head-light for the cars on the Rushville division. The cars are now being equipped with them.

A switch has been laid east of the power house, preparatory to connecting it with the C. H. & D. so that coal for the power house may be brought to the side of the building.

A number of contractors and subcontractors came here yesterday morning, hired a livery rig and drove along the I. & C. right-of-way between this city and Connersville. This was done so that the contractors could get some data before bidding on the contract for the building of the Connersville extension.

SUNDAY SCHOOL DEPARTMENT

The man who keeps his hand on the Sunday school pulse of North America is General Secretary Marion Lawrence. If you want to know anything worth knowing in the sphere of field and school organization or method—ask Marion Lawrence. His report was full of information about this tremendous parish, in which he has traveled over 76,000 miles during the past three years. More than a million pieces of printed sheets have gone out from the general secretary's office. Fifty-eight States and provinces are organized; over 2000 counties are organized. There are 120,000 people in our field who are giving solid blocks of time to this work without remuneration whatever. No wonder the blessing of God has been upon it. ventions each year reach the enormous number of 2,500,000.

The official printed report of the Toronto convention will contain 600 pages and would ordinarily cost \$2, but in order to place an edition of 100,000 it can be bought for the very small sum of 50 cents. It will pay every pastor and superintendent in Rush county to get this book.

We visited the Christian school in Carthage last Sunday. They are doing good work. Mrs. Reddick acted as superintendent in the absence of Mr. Michael. They gave \$1 for county and State work. Rev. Omer Hufferd is pastor of this church and his many friends in Rushville will be glad to know that he is having good success.

We also visited the school at Franklin, Ripley township. The superintendent and assistant were both absent. The school was conducted by the secretary, Mr. Alonzo Sleeth; quite a number of young people were present, but not many of the church members.

Mr. E. E. Hungerford and wife were entertained at dinner last Sunday by Mr. and Mrs. Wm. Dill, near Carthage. They have a fine home, and a beautiful lawn and many flowers.

Mr. J. P. Stech is acting as superintendent at the M. E. school during the absence of Mr. Flint, who is taking a vacation.

We are still trying to get a complete statistical report of each single school in the county, and are asking each school to make a free-will offering to the county and State work.

There will be a Sunday school convention at Shiloh, Center township, on Sunday afternoon, July 15th. A good program has been arranged and it will pay all Sunday school workers in that part of the county to attend.

A young lady working in a stocking factory, fearing her chances small for a life partner, wrote the following and slipped it in the toe of a gentleman's sock: "A young lady, good looking and with some means, would like to correspond with the wearer of this stocking, if he is single, with a view of matrimony." A young man bought the sock and said: "There is my chance." He wrote to the young lady, offering himself as a suitable party, and to his surprise got this reply: "I have been married eight years and have a family of five children." The man of whom he bought the sock had never advertised, consequently they had laid on his shelves for eight years.

Suggests a Remedy.

Portland, Ore., July 13.—Adulteration of foods and how to prevent it was discussed at the National Food and Dairy convention. R. M. Allen of Kentucky, secretary of the convention, presented his subject, "The Label," as the solution of the adulteration problem, believing that if manufacturers were forced by law to put on the labels the exact constituents of their food products, and people could thus buy pure or adulterated food as they desired, the evils of food adulteration would be eliminated.

Attempted Train Wrecking.

Cincinnati, July 13.—An unsuccessful attempt was made to wreck the Cincinnati, Hamilton & Dayton passenger train which left here at 8:45 o'clock last night for Chicago. At a curve near North Elmwood, twelve miles north of here, a railroad tie was found fastened to the track. Engineer Isaac Stricker discovered the tie in time to stop the engine, and no damage was done. It is not known who placed the obstruction on the track, or the motive for doing so. The police are investigating.

MAN IS NOW A
RAVING MANIAC

William Alexander Identified as
Man From Elmwood O.—Had
Suddenly Left Home.

Marshal Craig has received a letter from Daniel Carmichael at Cincinnati, relating to William Alexander, the demented Elmwood, O., man found hanging on a fence last Monday morning, and who is now lodged at the county poor farm.

In his letter Mr. Carmichael expresses surprise at Alexander being here. He says that he visited the man's family at Elmwood and found them in very poor circumstances. Alexander suddenly left home one day last week and no traces had been obtained of him until Marshal Craig's letter was received. Alexander is a member of a lodge at Elmwood and a purse is being made up to send a person here after him.

The man is now a raving maniac. It is impossible to keep a stitch of clothing upon him and he tears bed clothes and other articles as fast as he can get his hands upon them. He talks incoherently and refuses to eat. Supt. Newhouse of the poor farm is forced to keep him locked up.

FOR FAILURE TO WATER LIVE STOCK

Department of Agriculture is to
File 1,200 Suits Against
Railways.

Advices from Washington say that the department of agriculture has prepared and is ready to begin 1200 suits against the railroads of this country to secure the imposition of a penalty of \$500 in each case of every violation of the so-called twenty-eight-hour law. That statute requires carriers transporting live stock to unload, feed and water and rest every head of live stock for a period of five hours after it has been on the road twenty-eight hours. Nearly every railroad from Maine to California is involved. The evidence against them is regarded as so strong that attorneys representing the roads are negotiating with Secretary Wilson with a view to having a minimum penalty of \$100 imposed.

LOCAL FACTORIES
OBEY THE LAW

Fulfill all the Requirements of
State Law Regarding Em-
ployment of Children.

So far as known all of the factories in this city are complying with the requirements of the State labor law regarding the employment of children. The law provides that children between the ages of fourteen and sixteen years cannot be employed except they have an age certificate from their parents certifying as to their age.

It is unlawful to employ children under this age. A great many school boys who are beyond the prohibited age are employed by the factories in this city during vacation.

Daniel H. McAbee, chief factory inspector, has returned to Indianapolis from Evansville, where he pushed prosecution against the Evansville Glass company, charged with employment of children under the age, and also with the employment of children between the ages of fourteen and sixteen without the age certificate of the parents. The company was fined \$14.90 in each of two cases. "The moral effect of these cases will be considerable," said Mr. McAbee, "and I think Evansville manufacturers will be more careful in the future about the employment of children."

Dolph Cameron, residing south of town, is suffering with a carbuncle on his left arm.
